

CUSTOMS SCREAMING:

Some dystopian gibberish

Pardon me -
this is an official customs screening

We can't let you pass beyond this point

First you must prove that you really love Amerika
Then prove that you give
the current administration sufficient support.

Yes, this is absolutely necessary
to protect our democracy.

You see, lots of people are walking around -
spreading false rumors, foolishly asserting that
we no longer live in a nation which is free.

In order to put a stop that incorrect information
and protect our liberties
we have to take decisive action
and vaporize all aberrants
so that our nation can be what it was meant to be.

Thank you for your kind cooperation.
The gas chamber is this way, please . . .
