A Mutant Buddhist Accolade

Da warts of da Buddha  
are in more places dan  
we can see; compose yer  
self and discover  
da jewel  
within  
den  
remember  
all beings  
are part of  
a grate awook  
ening so enjoy da f  
reckles of exist  
ence as dey fade  
into da bones  
of eter  
nutty.

**An-Yi:** Nutty - that's the best word to describe this poem.

**Bhāraté:** (shrugging) What can I say about nuts?

**Chariya:** A lot: there are over a thousand different kinds of nuts in the world. And many of them are in government offices!

**An-Yi:** Yep! How many of them are edible?
