## TOKYO REFLECTIONS:

*A Discussion about Temporal Awareness*

**Bhāraté:** Sometimes during magical moments we can step outside of time.

**An-Yi:** That's merely an illusion. Time flows regardless of how we step.

**Chariya:** (smiling slightly) Actually, that's only partly true: all time is subjective. And it flows differently for different beings.

**Daiki:** (shrugging his shoulders) Whatever. . . . do our opinions really matter?

**Bhāraté:** No, but our consciousness does.
