

FAITH IN SPRING: **A vernal affirmation**

**Believe in awakening -
have confidence
in each spring**

**As part of a great
cycling, trust in the un-
foldment and dev-
elopment of
every being**

**Nothing is e-
ver wasted**

**Nothing grows
alone**

**We are p-
art of one vast gar-
den**

**& connected to each
other - no part-
icle stands alone**

**Have faith
in evolution even if yar garden
is in disarry - in
time some seeds will
discover an optimal
way**

Ron : (raising his eyebrows) This is at the edge of incomprehension.

Linda : Well, isn't that where all discoveries lie?

Lis : How so?

Linda : Because those who believe that they already know have nothing new to learn.
