

*Celebrations ah Song: Rejoicing Through Art, Poetry & Narratives*

## **VOICES OF THE FOREST:** **Learning the Language of Plants**

Pine Cones  
have secret wisdom

Caterpillars  
have surprising things to say

Chanterelles  
surpass all expectation

Raspberries  
offer pungent parleys

Heathers  
show us much about rootedness

Oak trees  
teach us how to be deep

Too bad  
so few humans listen:

we'd be much wiser  
by learning how  
forests speak
