

INFO-SPHERES: Discovering Hidden Cross-Disciplinary Connections

Tim: At times each field of knowledge seems like a bubble. . . .

Satoru: I hear you. And each academic discipline offers a different lens to view the world.

Liao: Wise people recognise the connections between many bubbles.

Melissa: Hmm. Or perhaps we invent connections when none exist?

Liao: Actually, all things are interconnected in astonishing ways.

Melissa: (with a tinge of irony) Hmm. So much for intellectual inquiry . . .
