

# *CUMING @ GOING:* *A sensual exploration*

I love it  
when you probe inside of me  
and your tongue paints my skin  
like an artist's brush.

Yes, I love the feeling of melting in you  
& even after countless cummings  
and many goings  
we still discover  
new ways to merge

Each time desire rises  
or your thighs become wet  
new discoveries cum  
as I feel an ancient  
urge to embrace  
before death
