Who you are is evolving -
& love is a process of discovery.

For the sake of others, love yourself
then see the unity of all beings.

Love is not a state of perfection
but way of accepting imperfections
with equanimity.

The universe becomes richer as
we open our hearts -
why cling to inferiority?

Cantara : Why are so many people are afraid to reveal themselves?

Chris : zDon't ask me for insights.

Miok : I think Buscaglia was right in saying, "To see people as they really are, we must love them unconditionally. Unless we do, they may not reveal themselves to us and we will miss them forever." In other words, we hide behind facades out of fear.

Tim : Huh? I'm not sure I wan'na see all people. Is it pissable ta luv so many?
