

# TO LIGHT?

**If your body were a match  
would you choose to ignite  
or remain in a box  
covered from sight?**

**If we become fearful  
of opportunities  
are we not like dry sticks  
& symbols of obscurity?**

**Only by risking  
can we achieve  
moments of existing  
beyond the dry wood of our being –  
« *Soyez vivant tout en brûlant !* »**
